What were your favourite subjects when you were at school?

My favourite subjects when I was at school were PE, Maths and Science. I loved being practical and using equipment to help me solve problems. I also love learning new languages so that I can travel around the world and go exploring!

What is your favourite subject to teach?

I love teaching PE as it is my favourite subject and I'm a sports fanatic. But also really enjoy teaching English Writing because I love the creative ideas that children give. There are few better sights than that of a child who their imagination blown wide open!

What is your favourite book and why?

I read a lot of non-fiction books, autobiographies about famous people particularly tickle my interest but I also enjoyed reading the Harry Potter books. They created a magical picture in my head and gripped me with every book in the series.

What do you like best about teaching at Staplehurst?

I love seeing the children's faces when they are proud of their work. I enjoy seeing them try their hardest even when things are difficult. Working alongside curious, funny children is the best part of my day

What did you want to be when you were younger?

When I was younger I wanted to either be a teacher or a sports coach. In my job I get to be both!

What hobbies do you enjoy?

I enjoy playing and watching sports which I do most evenings and weekends. I also enjoy watching films and cooking food. I'm not the best at it but I'm getting better! Exploring new places is also exciting, I love discovering hidden gems around the world.

What three words would describe you?

Enthusiastic Active Positive

If you were on a desert island what two things would you take with you?

A ball and a surf board. I would definitely need these to keep me busy and pass the time. I would practice kick-ups with the ball and learn to surf the waves with the surfboard. Not sure they would keep me particularly safe but I'd certainly be entertained.
