

YOUR SCHOOL PTA

*“Play is the highest form of research.”
Albert Einstein*

HAVE YOU SEEN THE NEW ARTWORK ON OUR PLAYGROUND AREAS?

Welcome to our first PTA newsletter of the year. We hope you have settled back into school routine after the half term holidays and are already looking forward to Spring and Easter when the prospect of better weather will be on the horizon. On your travels around the school this term, you may have noticed a few additions to our playground areas (pictured). The netball court has also been refreshed.

Over the last couple of years we have been working closely with the school SL team to contribute funds and support to help enhance all our children’s playtime experience.

“We aim to provide extra resources for the children, improve the school environment as well as run extracurricular activities such as music, art and sport.”

Since September 2021 we have contributed £12370 of funds raised by our events, to the ongoing improvements to the outdoor areas of the school.

The work that has been done by school, that we have contributed to, includes painting of fences, maintenance of play equipment and the provision of a new piece of gym equipment and picnic benches as well as the new playground artwork.

Members of the PTA have also taken on the job of shaping the willow archway on the edge of the field for two years running.

Before

After

This work is set to continue as we are currently in discussion with the SL team to help plan development of other areas of the outdoor space. Working closely with them, we hope to help provide funds for a sensory garden area and an outdoor classroom space over the next year or so.

“Necessity may be the mother of invention, but play is certainly the father.”
Rodger Von Oech

Thank you for all you do to help us raise funds, without your support at our events we could not provide our support to the school in it's endeavours to provide your children the best learning environment it can.
