Quality-First Teaching

Our teaching and learning policy captures our approach to how children at Staplehurst learn:

Staplehurst is a school that is happy, purposeful and stimulating where each child's needs are viewed individually, by a staff of highly trained classroom practitioners who demonstrate excellence underpinned by high expectations and professionalism.

Our aim is to instil, in each unique pupil, a love of learning; develop their confidence in order to reach their full potential; and, underpinned by a body of powerful knowledge, cultivate the lifelong skills of independence, creative thinking, team work and effective participation.

We consider ourselves to be a knowledge-rich school, whereby children master a body of subject-specific knowledge defined by the school. Skills are generally an outcome of our curriculum, not its purpose. At Staplehurst, we emphasise big ideas and invaluable knowledge that we want our children to acquire.
